

Changing Lives Together

THE PENTECOSTAL ASSEMBLIES OF CANADA

Audacious Goals

As a relationally-based mission family with an awesome God, we have been given tremendous resources. When we work together, the impact on our world will be much greater than when we work alone.

Since our beginning, The Pentecostal Assemblies of Canada (PAOC) has passionately pursued God's call to be Jesus' witnesses in Jerusalem, Judea, Samaria and to the ends of the earth.

Our PAOC family is already doing amazing, inspiring things across Canada and among the nations, but we know that our world is still in need, and that God is calling us to ever increasing commitment and dedication to His purpose.

Our leadership team has been dreaming about what communities, locally, nationally and globally, could look like if each member of our PAOC family decided to **Give Every Day**. The following pages include some of the audacious goals we have set!

Join with us as we share our vision for **Give Every Day**. As we work together, I believe that we'll find that we have been given all the resources we need to fulfill this holy calling.

DAVID WELLS
General Superintendent PAOC

Imagine the impact

we can have by working together

ONE DOLLAR. It doesn't seem like enough to have much of a world-changing impact. However, if each one of the adult members of our PAOC family sowed even a one-dollar 'seed' for missions every day, we would double our missions budgets and reap a world-transforming harvest of **\$60 million** every year.

The possibilities are incredible. How could choosing to Give Every Day change our world by 2015?

International Missions

\$30 million

The number of our Global Workers will have **doubled** with an additional 200 people serving internationally. People like:

MIKE & CATHY – Church planting in the Middle East
CHARLES & DESIREA – Caring for vulnerable and abandoned children in India

Strategically placed trained professionals and business people will be living and working in **Restricted Access Nations**, particularly Muslim countries. People like:

JEFF & RACHEL, who are reaching their neighbours and impacting a North African nation with the Good News.

Youth and children worldwide will have **new opportunities** to hear the good news, and fresh, effective discipleship resources will have been created, giving hope to the next generation.

Children like **"FATUMA"**, orphaned by HIV/AIDS, who grew up in a Village of Hope and is now thriving, married and contributing in her own community.

International Missions

Unreached people groups will have heard the Word of God for the first time through it's **translation** into their languages, and we will have supported those who are **planting churches** in places where the Gospel has yet to be heard.

People like **"MADHU"** and **"ABY"**, church planters amongst the unreached.

We're daring to dream that by working together, thousands of well-equipped **national leaders** from nations like Ethiopia and India could be released and supported, taking the Gospel to neighbouring **Middle Eastern countries**.

People like:

"**SHOFAR**" who is multiplying his life as a follower of Jesus in Muslim nations.

"**ANTON**" who has already planted three churches in the United Arab Emirates.

Our **34 global training institutions** will have equipped thousands of national leaders. Leaders like:

"**RAHA**", who trained at PAC University, and now leads multiple churches in war-ravaged DRC (Congo), and oversees a significant groundbreaking ERDO project for displaced people.

www.GiveEveryDay.ca

Imagine: through our PAOC family committing to Give Every Day, thousands of villages will have their **first simple church structures**, serving as the 'HEART' of **community development**, transforming lives and changing nations.

\$15 million

...doing good

ERDO's relief and development efforts will be significantly increased and millions of lives touched in situations like:

 Feeding thousands of **school children** in Zimbabwe, in partnership with the Canadian Food Grains Bank.

Developing an innovative 'Rapid Action Team' using people with valuable expertise and resources in our own church family to respond more effectively to world crisis, like Haiti, enabling people like "**MICHEL and LOUISE**" to **care for and feed the vulnerable, providing clean water, sanitation, temporary shelter and medical assistance.**

Strengthening national **church capacity**, in places like DRC (Congo), Africa, through training and resources, enabling churches to respond to needs in their own communities.

Recruiting and deploying 20 **trained workers** to foster local community-based projects that help build **sustainable futures**. Workers like **MIKE AND AMY BOOMER**, empowering impoverished women in DRC (Congo) through our first ERDO microfinance project.

\$15 million

mission canada
BECAUSE WE MUST

It's almost inconceivable that together we could establish and assist up to **100 new faith communities** in Canada's neediest areas by supporting developing ministries in **Aboriginal** and **Francophone** communities and in **inner city cores**.

Supporting leaders like **KYLE**, who is responding to the physical, social and spiritual needs of the urban neighbourhood he serves.

We're dreaming big—raising up hundreds of leaders from Canadian Aboriginal and ethnic communities who would be trained for mission through PAOC programs like **Aboriginal Bible Academy**.

60 mission workers would be equipped and strategically placed in underserved PAOC priority regions. Like:

KAREN – who has moved into downtown Vancouver and is living fully present with her neighbours, offering Christ's loving redemption.

DANIEL – who would be enabled to serve among teens in Quebec.

We will have provided **translated Bibles and resources** to congregations across Canada who do not have English as a first language.

Mission Canada

When our PAOC family chooses to Give Every Day, Canada will be transformed:

 **New churches** will be planted across the province of Quebec.

 Youth Leadership & Children's Ministry **certification courses** will be made available in French for the first time

A small investment each day now provides a huge benefit for **future Pentecostal leaders** who would be identified, equipped and supported to pursue their calling in Canada and across the globe through leadership development.

People like **"ALAIN"** in the Maritimes would have clarity in his calling and the confidence to pursue it, knowing that there is a PAOC support structure to help him get there.

www.GiveEveryDay.ca

Do you want to go even further to transform our world?

Become part of a child's future.

In light of our audacious dreams, **we invite every family in the PAOC to sponsor a child** through

ChildCARE Plus. As a monthly sponsor you will help to provide a child with food, clean water, medical care and education.

Global and national PAOC commissioned workers living in your child's community will make sure that your gifts are used to meet real needs, giving your child the **opportunity** to be all that God has planned. We are believing that **9,000 more children's lives** will be transformed by the generosity of our PAOC families.

Children like:

ALINA who, at age 4, needed heart surgery, but who today is alive and well, getting the education she needs to live a full, productive and devoted life. (Siberia)

NOAH, who was trained in witchcraft as a young child, but was rescued and is now almost ready to graduate from High School.

\$34 a month

ChildCARE Plus

Will you give every day?

You can make the dream reality.
Visit www.GiveEveryDay.ca to take
the Give Every Day challenge.

Give, and you will receive. You will be given much.
Pressed down, shaken together, and running over, it will
spill into your lap. The way you give to others is the way
God will give to you. *LUKE 6:38 NCV*
